INTERNATIONAL

INVITED SESSION SUMMARY

Title of Session: Smart University Development: Organizational and Managerial Issues

Name, Title and Affiliation of Chair:
Prof. Anna A. Sherstobitova Togliatti State University Togliatti, Russia
Prof. Lyudmila V. Glukhova Volzhsky University named after V.N.Tatischev Togliatti ,Russia (co-Chair)

Details of Session (including aim and scope):

In the last few years, Smart Education, Smart University, Smart Class Room, Smart Learning Environments and related areas have created world wide interest among research communities internationally [1]. There are many international conferences and events related to smart Universities and related areas [2].

We invite research papers in our session in below research areas.

- **Innovative mechanisms of effective management of the internal organization of the smart university.**
- **Smart University as a complex integrated structure with its internal multi-level links to ensure sustainable financial and economic development of the smart system, including its economic security**
- **And so on**

Please note that papers not directly related to the above areas will also be considered.
